निदेशक / DIRECTOR

SCOPE OF THE WORK

- i. Supply of the EAMF panel to the site, Minicoy Lighthouse, P.O: Minicoy, UT of Lakshadweep, Pin: 682 559, Including Loading, Unloading and Freight charges.
- ii. Installation, Integration and Commissioning of the EAMF panel should be carried out by your service Engineer after installation of the DG sets at site.
- iii. Supply of the Electronic Auto Mains Failure Control Panel for 3Phase Mains and 2Nos. Single Phase 25kVA, DG sets, with following specifications:
 - Cubicle type, base mounting control panel with hinged doors, bottom gland plate, fabricated using 16SWG CRCA sheet, powder coated metallic paint with 2 coats of metal primer.
 - Copper Bus bars with all switchgears such as MCBs, power contactors, control relays, selector switches, etc.,
 - Auto Phase Changer for EB supply
 - Load Distribution Terminals and Earth Terminals at the bottom/side for cable terminations with appropriately rated MCBs (as per site requirements)
 - Microprocessor based AMF module incorporating all necessary protections for DG set and Mains, start/stop logics, Standard interlocks for each Alternator and Engine, interlocks for operation of Mains & Choice of either one of the DG sets (Auto Source Changer), alternate source (DG set) selection during normal operation of 8 hours with manual choice through selector switch,
 - Visual alarms for warnings and faults(annunciation LED lamps),
 - Metering (voltage, current, frequency, DG set hours run, battery parameters) with appropriate rating of CTs,
 - Panel indications (Load on Mains/DG Set 1/DG Set 2),
 - Relay control circuitry for power contactors and instrumentation,
 - Individual 12V Battery charging for both batteries of DG sets,
 - Auto/Manual/Test Options (selector rotary switch),
 - Emergency hooter for failure of operation of DG sets,
 - and Manual Bypass.

All above items to be of reputed make as and where required conforming to relevant Indian standards.

Distribution of Loads for Lighting circuits and Power circuits as per the schematic diagram enclosed through individual breakers for both Single Phase and Three Phase Loads with array of terminals for load connections.

- iv. The EAMF panel should have Warranty of 2 years and power contactors for one year. During warranty period any fault occurring in the EAMF panel should be attended by the dealer / OEM without fail.
